To gauge the success of our academic programs, the University of Central Florida administers the First Destination Survey (FDS) to all its graduating students. For summer 2021 to spring 2022, 1,124 of the 2,093 students who earned an undergraduate degree from the College of Engineering and Computer Science completed the FDS survey (response rate: 54%). Here is what they said:

**IMMEDIATE PRIMARY PLAN**

- **Seeking Full-time or Part-time Employment**: 86%
- **Attending Graduate or Professional School**: 9%
- **Other**: 5%

**HEAD START**

- 9% will begin searching soon
- 29% were searching for a position
- 55% had employment upon graduation
- 7% had one or more offers they were considering

**LOCAL IMPACT**

For graduates who planned to enter the workforce, 56 percent accepted a position or are already working in the 11 counties surrounding UCF, and 66 percent will stay in Florida.

**RELEVANCE**

For graduates who planned to enter the workforce, 97 percent reported taking jobs related to their field of study.

**TOP EMPLOYERS**

For graduates who reported they were already working or had received a full-time job offer, here are the top companies:

1. Lockheed Martin Corporation
2. Boeing Corporation
3. Northrop Grumman
4. Deloitte & Touche
5. L3Harris Corporation
6. Microsoft Corporation

**UTILIZING RESOURCES**

Respondents were asked to identify all UCF resources that were used or will be used, to obtain employment.

- Handshake: 48%
- Online Resources: 75%
- Networking: 51%
- Career Services: 34%
- Experiential Learning: 41%

**EARNING POTENTIAL**

For graduates who reported salary information, the average annual income was: $74,484
